

NHS COVID Pass for Travel for Children

NHS COVID Pass letter for international travel

<https://www.nhs.uk/conditions/coronavirus-covid-19/nhs-covid-pass/get-an-nhs-covid-pass/get-your-nhs-covid-pass-letter/>

Children living in England aged 5 to 15 who have had a full primary course of COVID-19 vaccination can get an NHS COVID Pass letter for international travel, with an internationally recognised 2D barcode. This service is available to:

Children aged 5 to 11 years who have had a full primary course of COVID-19 vaccination can now get an NHS COVID Pass letter for travel. A person with legal responsibility for the child can request the letter on their behalf either online at nhs.uk or by calling the 119 service.

You can request the letter for yourself if you're aged 12 or over.

The letter is not available via GP practices.

The letter is posted to the address on the child's NHS record and will show all the COVID-19 vaccinations they have received.

Further details can be found on the GOV.UK guidance:

<https://www.gov.uk/guidance/nhs-covid-pass#children>

NHS COVID Pass digital service for international travel

Children aged 12 and over are able to get a digital NHS COVID Pass for international travel.

A digital NHS COVID Pass will:

provide a record of COVID-19 vaccinations received

show evidence of prior infection for 180 days following a positive NHS PCR test

A digital NHS COVID Pass is available:

via the NHS.UK website for those aged 12 and over (as a PDF you can download or print)

via the NHS App for those aged 13 and over (age restrictions apply for use of the App)

To request an NHS COVID Pass, the child will first need to register for an NHS login. They can do this themselves (or a parent or guardian can help register on their behalf). They'll need to:

register using the child's details (including the child's email address)

verify the child's identity using the child's passport

Verifying identity can take a few days to complete (although it normally takes around 24 hours).
